SUCCESSFUL CONCERT HELD AT BELLEVUE

The Bellevue-Hillcrest Junior amateurs held their annual St. Patrick's concert in Cole's theatre, Bellevue, on the evening of the 17th. The show was well patronized and the young people did their best in a snappy and varied entertainment. The first item was a play in two acts by the Hillcrest girls, directed by Miss Anna Lipnick. Next was an action song in costume, "Folly put the kettle on," given by Bellevue children, directed by Miss Beattie Morris. The same group gave also a one-act school play called "Mr. Keep-in-tab, Inspector." Miss Eileen Jones, of Hillcrest, presented some of her pupils in clever Irish dances: Miss Gratitude Scott and Carlotta Fleming, of Blaimore, and Peggy Norton, of Hillcrest. The evening was wound up with a talkie-movie play by the Bellevue young men.

Besides those already mentioned, the following young people took part: from Hillcrest, M. Ry Lipnick, Helen Scaman, Erna Scarlett, Irene Blipotosky; from Bellevue, Rose Dahlis and Evelyn Fells, Bonnie and Isabel and Alex. McInnis, Mary Hillary, Wanda Ratko, Isabel Boyle, John D. Morris, Ugo Marsolin, Valentine De Cillia, Ludwig Zolli, John Dobni; also the following young men: Steve Lessen, Joe Morris, Dennis McLafferty, Tony Schmiedel, Gerrard McIntyre, Aubrey Barr, Fred Jepson, Tony Costanza, Bruno Tambourini. This concert is to be repeated in Cole's theatre, Hillcrest, at a future date.

DRUMHELLER APPEALS TO ARBITRATION

Operators and miners in the Drumheller district have reached a deadlock and are now appealing to a board of arbitration. In a statement to the Calgary press, C. C. Cook, representing the operators, gave the following statement following the conference:

"Cost operators are pressing for a wage reduction for the reason that a very considerable portion of the former Drumheller coal market is being diverted to other fields where lower wage schedules are in effect," he stated. "Not only have northern Alberta mines reduced prices by lowering wages, but mines in the Souris district have made drastic inroads in the market for Drumheller coal in Saskatchewan and Manitoba, and the tonnage from that field shows a substantial increase for this season," said Mr. Cook. "Wagon men operated by farmers have largely monopolized the Alberta business for Drumheller coal."

"This situation has resulted in decreased employment through number of days worked by miners in Drumheller," he continued, "and has meant a decrease in output from this field of more than half a million tons in eighteen months. The industry's existence is threatened unless it can be placed in a competitive position by reducing production costs which cannot be effected without a reduction of labor costs."

"We wish to draw public attention to the following facts," he said, "that general wage reductions have taken place in almost all trades and occupations in Canada, that American mines have effected reductions and that many of these mines compete with us in the Canadian market, notably in Manitoba; that Alberta miners in union mines are now the highest paid workmen in Canada, skill, working hours and conditions considered."

"Mention should be made that Drumheller coal is now selling at practically the same basis as in 1911, at which time the basic day wage for miners in that field was \$3.20. Today it is \$5.57."

Trail Smelter-Exters and Drumheller Miners played to a 2-1 score for Trail at Drumheller on Friday night.

RED ELEMENT MEET DEFEAT

At Corbin, as at Fernie, the communist element have been very busy during the last year or two in trying in every way to create discontent. The contention in that camp was that a new agreement should be negotiated and that the mine should get a better deal. The present agreement does not expire until 1934; but that made no difference, so last week the matter was put to a vote of the union, with the result that the reds were defeated in their plan by a vote of 204 to 17.

In 1929 Corbin union joined up with the Canadian Mine Workers Union, before that body had taken its present Communist complexion, and they have been paying into headquarters something like \$100 a month, amounting in all to about \$2,000. A large number of the Corbin members of that union feel that it has been just that much money thrown away.—Fernie Free Press.

BLAIRMORE PUBLIC LIBRARY

Books being placed on shelves this week are:

"The Crystal Heart," by Philip Bhatmore; "Glorious Apollo," by Barrington; "The Prisoner of Zenda," by Anthony Hope; "The Secret Service Submarine," by Guy Tabor; "A Child's Garden of Verses," by R. L. Stevenson; "Shut in To Serve," by L. Phillips; "Bert Wilson at Panama," by J. W. Duffield; "The Land of Yelied Women," by Fraser; "Wordsworth's Poems."

The library hours are Tuesdays and Thursdays from 7 to 9 p.m., and Saturdays from 7 to 10 p.m. The fee are \$1.00 per year for residents and \$2.00 per year for non-residents.

"DELICIOUS," NOW SHOWING AT COLE'S THEATRE

Kilts, a flaming red tartan, a delightful little Scotch terrier, and a delightful little Scotch brogue are the chief properties of Janet Gaynor for her new role in "Delicious," Fox melody romance now showing at Cole's theatre Bellevue.

As a Scotch orphan lassie, Miss Gaynor is first seen amid a gay and colorful peasantry in the steeple of a large ocean liner headed for America. Her wistful charm and bubbling sense of humor immediately endear her to everyone, including a troupe of talented Russian entertainers who adopt her as one of their own.

Charles Farrell, co-star in the picture, also becomes acquainted with her on the boat, as does El Brendel, who is seen as Farrell's valet. The romance which springs up between Janet and Charlie on their first meeting is the motivating theme of the picture. Their adventures, which include a strange misunderstanding between them and Janet's threat of a spite marriage, carry them ashore where their troubles are augmented by the persistence of Virginia Gentry to win Charlie's affection, and of Lawrence O'Sullivan, an immigration officer, to arrest Janet for entering the country illegally.

Spontaneous gaiety and much comedy are woven through the picture which is told with a background of George Gershwin music. This includes six musical numbers by the famous composer, the words of which were written by his talented brother, Ira Gershwin. They are "You Started It," "Blah-Blah-Blah-Blah With You," "Delicious," "Somebody From Somewhere," "Katinkitchka," and "New York Rhapody."

The last named composition is symbolic of the spirit expressed in the building of America.

"I found the American people most hospitable. It was difficult to keep sober," Bertrand Russell, English philosopher.

GOVERNMENT GETTING PARSIMONIOUS

Brownlee's government has gone on a wild "economy spree." Every source of revenue is being explored and expenditures are mercilessly cut with the "putting knives of the budget balancers."

Not content with increasing motor and truck licenses, levying an income tax, making drastic cuts in road expenditure, the Alberta government's latest move is to reduce by ten per cent the payments under

the Mothers' Allowance Act.

A widow with four children now receives a monthly allowance of \$45. In future this will be reduced to \$40.50.

Imagine what a job it will be to house, clothe, and feed five people on \$40.50 a month!

This move of the provincial government is one of harsh parsimony. It will cause much discomfort in families now living on the mother's allowance, and will save only a few thousand mean dollars for the government.—Bassano Mail.

WORLD HAPPENINGS BRIEFLY TOLD

Maurice Dupre, solicitor-general of Canada, has been elected vice-president of the naval commission of the disarmament conference.

Canada's export of poultry has more than doubled in the last twelve months ended January, according to the Dominion Bureau of Statistics.

A Dominion Bureau of Statistics report shows that the Indian population of Saskatchewan increased during the last ten years to 11,939, a gain of 1,905.

Fire losses in Canada for February were estimated by the Monetary Times at \$3,881,850, compared with \$3,417,750 for January and with \$4,689,325 for February of last year.

Neville Chamberlain, Chancellor of the Exchequer, hopes to attend the Imperial Economic Conference at Ottawa as a member of the British delegation.

It has been estimated that approximately \$40,000 will be required to finance the dispatch of Canada's team to the tenth Olympiad at Los Angeles this summer.

Commercial failures in Canada during January numbered 238, according to the Dominion Bureau of Statistics. Liabilities were placed at \$4,060,600. In the corresponding month last year, failures were 240 and liabilities \$3,970,600.

Part one of the report of Sir Alexander Gibb, eminent London, England, port engineer on his survey of Canadian ports is in the hands of the government, and the final part of it is on its way from London to Ottawa.

Sir Philip Sassoon, under-secretary for air, announced in the British House of Commons that the Schneider trophy air races were completely over. "The contest has outlived its usefulness," he said.

Lost a Fortune

Ottawa Woman Now Has To Apply For Old Age Pension

With a tidy fortune of \$50,000 in her possession four years ago, in securities and cash, an Ottawa woman has applied for, and has been granted, an old age pension of \$20 a month.

The stocks and money all went in the great stock market debacle of 1929. Like many others, this woman hung on to many securities in the hope that the decline would stop, but everything eventually was swept away.

Now she has only memories of the nest egg she once owned, and tries not to think of the income which might have been hers today had it been invested in a different way.

A Growing Menace

Deaths From Diabetes On Increase According To Figures

Diabetes is a growing threat against increased expectation of life and is one of the chief menaces of the middle-aged person. Dr. Gordon P. Jackson, declared in a report to the Board of Health at Toronto. During 1931, in that city the number of deaths attributable to diabetes represented a mortality rate of 17.9 per 100,000 population, the highest rate ever recorded there for this disease.

Wanted a Road

A deputation of ratepayers had called upon the local council to protest against the condition of a certain road. After all had been heard, the Chairman of the Board, in a polite manner, said: "From all reports, I'd say the road was fairly good, taken as a whole."

"True," said the spokesman for the complainants, "but we want to use it as a road, not as a whole."

A delicate test for determining the freshness of butter has been developed by two Italian scientists.

London now has 18 makers of talking-picture apparatus.

Canada a Sovereign State

Not Part of the Commonwealth, Says B.C. Jurist

Canada at last is a sovereign state and not a "dominion" of any power, Mr. Justice Archer Martin of the appeal court of British Columbia told the Canadian Problems Club at Vancouver, in an analysis of the effects of the Statute of Westminster passed by the British Parliament last year.

"One still hears Canada described as a partner in the Commonwealth," he said, "but it is nothing of the kind. A partner has the right to pledge you to all kinds of commitments. It is a most misleading and mischievous term. The Commonwealth is now an alliance under a king. It is not a partnership. Canada's status is not dominion status, it is sovereign status."

At first glance, he said, it might appear that Canada was still inferior in some respects since amendments to the British North America Act must be passed by the British Parliament.

But this, he explained, is just an inverted power, "a constitutional paradox." Formerly Canada passed laws at Britain's request, but now Britain must pass whatever measures Canada asks, he said. Under the Statute of Westminster, Britain has no option about this and refusal to do so would amount on Britain's part to secession from the empire.

He Chased Butterflies

Son of a London Millionaire, Who Died Recently, Spent Fortune On Hobby

James John Jolecy, 61, son of a millionaire, who once testified that he spent his life and fortune chasing butterflies, died in London, England, recently.

In the course of bankruptcy proceedings, Jolecy said he had been unable to live on an income of about \$100,000 a year. That he had spent half of it on butterflies. He possessed the second largest private collection in the world.

It includes 50,000 specimens. "I am not extravagant," he once said. "My butterfly will be of great value to the nation."

Estevan Nurseries Make Gift of Trees

100,000 Caragana Donated For Planting For Demonstration Purposes

Before the Orders of the Day were proceeded with last Tuesday, March 8, the Hon. J. F. Bryant, K.C., Chairman of the Drought Commission, read to the Saskatchewan House a letter just received from the Prairie Nurseries, Limited, in which they offered to the Government a free gift of 100,000 heavy three-year-old caragana shrubs to be used in connection with the demonstration plot of the Government. The letter is as follows:

"Dear Mr. Bryant:—Your address in Estevan last week, and the press reports of the work of the Saskatchewan Commission on Forestry, have impressed us with the importance of the public good of the tree planting program you have inaugurated. As concerned nurserymen, we are not particularly embarrassed to offer that part of your program that contemplates the establishment of another Government-free tree planting agency. We heartily approve, however, of the educational and experimental features of your program. We fully realize the urgent need for general co-operation in combating drought and soil drifting and wish to aid in the establishment of the drought demonstration area contemplated by your Commission."

To this end, our Directors have decided to offer the Province of Saskatchewan one hundred thousand (100,000) heavy, three-year-old Caragana, free of charge. We make this offer because we understand that your Budget does not permit the purchase of the required stock and we are certain that delay until Government stock is secured enough to plant, will greatly lessen the effectiveness of your forestry program. We are anxious to start your demonstration program before the public has forgotten the bitter lessons of last Summer's drought. This offer is made with the understanding that the Caragana is to be used only in the main demonstration area near Regina, and that the plantings be made in the Spring. The demonstration plantings will provide valuable information for the farmers of Alberta and Manitoba, as well as those residing in Saskatchewan."

Wishing you every success in your efforts to secure the full co-operation of the public in combating drought, we are,

Yours very truly,

Prairie Nurseries, Limited,

T. A. Torgeson,

Managing Director.

Commenting on the above letter Mr. Bryant stated that he acted on behalf of the Government, and in behalf of the Drought Commission to publicly acknowledge the splendid gift of the Prairie Nurseries, Limited. The gift was extremely timely and was very generous. He hoped that it would be thrice blessed; that it would bless the farmers in the experimental area who would have the benefit of the experiment; that it would bless the other farmers of the Province who would share eventually in the benefit from the experiment, and that it would bless the Nurseries Limited, themselves, in the years that are to come.

Mr. Bryant stated that the Government had already acquired 50,000 caragana for the Institutional Farm surrounding the Gaol. The 100,000 caragana received from the Prairie Nurseries and the 50,000 which were available from the Forestry Station this year for the demonstration plot, would give 200,000 trees, and enable them to plant nearly forty miles of caragana hedge. This would be arranged in an area of one-half town ship starting at Winnipeg Street and on 1 Highway, including an area one mile south of the main highway and two miles north of the main highway to a point six miles east of Winnipeg Street. This is in the heart of the heavily drifting area, and was chosen as a demonstration plot for the following reasons:

It surrounds the Gaol farm and the supply of seedlings in future would be readily available.

It is along No. 1 Highway and adjacent to the main line of the Canadian Pacific Railway and therefore is

excellent for demonstration purposes. It is in a convenient location so as to be under the direct supervision of the Superintendent of Institutional Farm, of Mr. Ross of the Forestry Station, and of the representative of the Federal Experimental Farm.

It represents a class of land varying from heavy clay soil to light, sandy soil.

It will give an opportunity for testing the value of hedges for the protection of the highways as the hedges will run along both sides of the highway for a distance of six miles and four rods back from the road.

It represents an opportunity for testing the growing of grasses, as arrangements have been made for two thousand pounds of Bromus Grass, two thousand pounds of Western Rye, and one thousand pounds of Alfalfa, with the Field Crops Branch and the Federal Department of Agriculture, and under this arrangement the farmers will return the grass seed pound for pound that they receive. The amount of grass should enable the strip near the road to be planted to grass and should give 450 acres of grass to each farmer on a one-half section basis; the grass sowing to be extended from the road to the back of the section.

The cultural methods of various kinds recommended by the Committee will be followed and recorded by the Institutional Farm Staff. This will include the various methods of spring cultivation, strip farming, methods, the different summerfallow practices, and the fall cultivation.

This is the first concrete area in the Province where an attempt has been made on a large area to prevent soil drifting on this basis. The program will develop from year to year and we trust that the farmers from all parts of the Province who visit the Regina Fair and the World's Grain Exhibition will take the opportunity of visiting the demonstration area.

The work is being done by the Provincial Government with the hearty co-operation and assistance of the Federal Government Department of Agriculture, and Mr. Norman Ross, Chief of the Forestry Branch, and the head of one of the Experimental Farms will work in conjunction with the Superintendent of Saskatchewan Institutional Farm in connection with the matter.

The fact that we are able to start the demonstration area is due to Mr. Bryant, is due to the generous and magnificent gift of the Prairie Nurseries, Limited.

Recipes For This Week

(By Betty Barclay)

BREAKFAST MUFFINS

2 cups special cake flour, sifted.
1/2 teaspoon baking powder.
1/2 teaspoon salt.
1 egg, well beaten.
3/4 cup milk.
4 tablespoons butter or other shortening, melted.
Sift flour once, measure, add baking powder and salt, and sift again. Combine egg and milk and add to flour, beating until smooth. Add shortening. Bake in greased muffin pans in hot oven (400 degrees Fahrenheit) 25 minutes. Makes 10 muffins.

USE ORANGE AND LEMON PEEL

You throw away many a delicious morsel when you cast your orange and lemon rinds aside. Grated rinds are used by the best cooks to flavor cakes, pies, breads, desserts, frostings, fillings, sauces and other foods. In grating, only the yellow portion of the rind should be removed. This portion contains the oils that give the flavor. Grated peels may be used fresh or mixed with sugar and kept in a tightly-covered jar. Where the whole peel is used it is ground fine, mixed with sugar, and used in the same manner as the grated rind.

Experiments are being made in Ireland of the possibility of making silk stockings from seaweed.

Brazil's population has increased 27 per cent. in ten years.

SUNDAY SCHOOL LESSON

MARCH 27

JESUS RISES FROM THE DEAD—EASTER LESSON

Golden Text: "But now hath Christ been raised from the dead, the first-fruits of them that are asleep." 1 Corinthians 15:20.

Lesson: John 20:1-31.

Devotional Reading: Revelation 1:10-18.

Explanations and Comments

Mary Magdalene At the Empty Tomb, verses 1-3. On Sunday, the first day of the week, Mary Magdalene came early to the tomb where Jesus' body had been laid.

"She caught no scent of budding life. Her eyes, tear-blinded still from Calvary."

Stay neither thy nor anemone. Naught were the sepulchre."

And that sepulchre was empty! She hastened away to tell Peter and John that "They have taken away the Lord out of the tomb, and we know not where they have laid Him."

Peter and John At the Empty Tomb, verses 3-10. "There is an assured matter-of-factness about the account. Skeptics tell us that visions are common and that excited people are easily deceived. But we have no word of visions here. The writer does not say that he witnessed the scene. He tells us merely of two fishermen running; of solid commonplace articles lying about the tomb, and of two men who were in it."

For my part I feel constrained to believe a narrative like this when it tells me the grave was empty."

Marcus Dods.

Mary Magdalene and the Risen Lord, verses 11-18. "The two disciples went away, thinking nothing more could be learned at the tomb, but Mary tarried. A stronger affection riveted to the spot a weaker nature, is Augustine's comment."

"When stooping she looked inside, there came Angel voices from where her Lord had lain;

"Woman, why weepst thou?"

Angry voices turned away. Of unseeing still, had heard him say, "Whom seekest thou?"

"Ages have passed since then, and still we stand, with sorrow, fear and doubt;

Why weepst thou's lesson given? Why with blinded eyes, still weeping, At an empty tomb our vigil keep— Our Lord is risen!"

—Jean Ross Hansen.

"Woman, why weepst thou?" Whom seekest thou? These were the first words of the Risen Lord. "We halt to take them in. It is so easy to imagine that the interference of the conqueror of death would have been different—some command or rebuke to His apostles, some great declaration of victory. No: it is an inquiry concerning woman's sorrow and a woman's grief. It is as if our Lord was declaring that His own pain and grief for ever past. He still cared more for man's and woman's struggles of mankind than anything else."—R. C. Gilie.

"The question of Jesus to Mary implied that her weeping was due to her ignorance of a blessed fact that would have made it useless; and my weeping at the grave of lost joys, or lost hopes, or lost ambitions may of itself be a waste of time and useless thing. God has always much better things in store for me than those which I have lost, and if I only knew all that He does for me, I might find that I have been weeping over loss, where I ought rather to have been praising Him."—C. H. Knight.

Jesus called her by name, and she knew Him and called Him Rabboni, Teacher.

"I was reading an old Jewish commentary on that word 'Rabboni.' The commentator says 'Rab' means Master, 'bonni' means Master, 'Rabboni' means My Dear Master."

—Charles Ingila.

"Touch Me not; for I am not yet ascended to the Father," Jesus said to Mary, as she was about to clasp His feet in adoration. The Greek verb used primarily, as Dr. Martin R. Vincent points out, to 'fasten' to, hence it implies her not a momentary touch, but a 'clinging to.' She must adjust her faith at once to new conditions, must learn to do without the physical appearance of her Lord, must learn to rejoice in a spiritual reality only.

The Canning Industry

In 1931 a total of 151 canning establishments in Canada canned or packed 5,960,388 cases of vegetables, of which 2,045,558 were tomatoes; 1,566,879 were corn; 1,115,790 peas and the remainder beans, asparagus, spinach, etc. The pack of fruits was 734,531 cases, the leaders being pears, peaches and raspberries.

Seek Origin Of Earthquakes

A new depth, 24,000 feet has been discovered in the Caribbean Sea, and scientists are hopeful that clues may be furnished there to the origin of earthquakes. Four thousand fathoms deep, however, is enough to daunt anyone but a movie diver, so the scientists may have to resort to instruments. —Montreal Gazette.

Once Is Enough

A new flower, discovered in Central Africa, is to be called Nifidoliphantanthemum. We hope not to have to refer to this again.

COMFORT

For COLICKY BABIES

... THROUGH CASTORIA'S GENTLE REGULATION

One of the most important things you can do to make a teething baby comfortable is to see that little bowels do their work of carrying off waste matter promptly and regularly. For this nothing is better than Castoria, a pure, safe preparation specially made for babies and children. Castoria acts so gently you can give it to young infants to relieve colic. Yet it is always effective, for older children, too. Remember, Castoria contains no harsh drugs, no narcotics—absolutely harmless. When your baby is fretful with teething or a four upset, give a cleansing dose of Castoria. Be sure you get genuine Castoria with the name:

Castoria

CHILDREN CRY FOR IT

Reviving Old Idea

Frenchman Has Plan For Airplane Station In Mid-Atlantic

Mr. Leon Foucoignou has formulated a plan for a floating island in mid-Atlantic, for the accommodation of aeroplanes. The inventor says that such a station for air liners is urgently required. He has found a place where the water is only 200 ft. deep, and he proposes to sink there a ring of ninety-six big caissons. On these the island would be ring-shaped, about a quarter of a mile in width and a little under a mile in diameter. One inner and one outer avenue are suggested, with between eighty and ninety cross streets. The island would be protected by a curtain of floating rafts, twelve miles in diameter. It could house 200,000 people. The inventor says that, owing to its weight of 12,000,000 tons, it would remain steady in the heaviest storms. Also, the project would cost approximately \$5,000,000.

Protected Suez Canal

Turk Who Aided Allies In Great War Is Dead

Ago Petros Ellorou, the Turk who aided the Allies in the Great War, died recently at Toulon, France, of cerebral hemorrhage. He was retired with abundant wealth in a luxurious castle by England and France after he had led Syrian bands which defeated the Turkish-German manoeuvres to cut the canal and prevent the arrival of Australians, Indian and New Zealand reinforcements to the Allies. All through the war he remained in the desert protecting the canal.

Condemns Soviet Rule

Voluntary Exile From Russia Think It Is Slavery

Although she spent twelve years in Russia under Soviet rule, was a government employee organizing schools, and was decorated by the Soviet Government, a woman novelist and social worker, is now a voluntary exile from her native land and is loud in her condemnation of the rule of the Soviets.

"My people have passed from tyranny to slavery," she told newspapermen. "The Soviets have not helped them and they are worse off now than they were two years ago."

Washington Bars Skycrapers

Washington has little prospect of rivaling New York's lofty skyline, as Mayor Alexander Tuley, daughter of the famous novelist and social worker, is now a voluntary exile from her native land and is loud in her condemnation of the rule of the Soviets.

Sluggish Liver And Rheumatism

Both Corrected By Famous Vegetable Pills

"I received immediate relief from my rheumatism and indigestion," declares Mr. Arthur P. "I recommend them to sufferers from Rheumatism and Indigestion." THE COMMUNISTS

If it be true that Communists have sent threatening letters to Premier Bennett, as alleged in Ottawa correspondence to the Winnipeg Free Press, there is another reason for curbing the activities of these persons. Many of the threatening letters are said to have come from Winnipeg. There is no reason to take such threats seriously, and the prime minister evidently disregards them, but they indicate the existence of a disturbing element, which though small in numbers, is nevertheless a menace to the well-being of the country.

The west, in some sections at least, appears to regard some Communist doctrines with favor. The Saskatchewan section of the United Farmers of Canada, for example, stand for public ownership of land, as well as water powers, minerals, forests and railways. It is rather odd that a farmer should oppose the individual ownership of land, but these United Farmers declared themselves in a recent convention. The land, they hold, should be owned by the province and the occupants given a "use lease" providing security of tenure. This particular group does not represent the farmers of the west as a class, but it gives its approval to an untenable theory and illustrates the divergence of economic views which affects in some degree the political situation on the prairies.

Usually the farmer is an individualist, and the Communist is found in the cities. Possibly a year of good crops at good prices would influence this group in Saskatchewan to plough more and talk less. It had that effect on a former occasion. As to the Reds in the cities, too great leniency toward them is taken advantage of for a further spread of their doctrines.—St. John T. (Saskatoon Journal).

THE MARRIED STATE

The Rev. J. A. Donnell, pastor of St. Thomas' Wesley United church, Saskatoon, broke into the headlines last week when he told fellow ministers at the concluding session of the Saskatoon Presbytery that he had taken a vow never to marry inexperienced brides and grooms without first giving the groom a kindly, straight-forward talk on the duties and physiology of marriage.

During his address, Mr. Donnell stated that he had found an appalling ignorance of sex matters among young men and women and he deplored the lack of dissemination of such information in the home and school.

The church, the one organization which logically could disseminate advice on marital relations, has usually fought shy of the subject. Possibly the descent from a spiritual plane to one more prosaic was too sheer a drop to be tackled by the officiating minister, yet no more logical moment presents itself to discuss a subject which has been held taboo than when the marriage register is about to be signed.

With the recognition that sex plays an important part in the mental, nervous and physical welfare of the individual, and that lack of sex harmony is responsible for a goodly percentage of divorces and separations, the action of this Saskatoon divine is to be commended. The church has frowned on divorce at all times—the church, therefore, should conduct researches into the failure of marriage and seek to remedy the condition by frank discussion at the opportune time.—Ex.

ADVERTISING BLUES AWAY

Once upon a time there was a merchant in an ordinary town who greeted Old Man Depression with a grin instead of a frown.

While other merchants fired clerks, stamped the old store down with a pile of pea coal and sand, and transferred money from the local bank to a valise in the back bedroom closet, this extraordinary chap toddled around to see his local editor.

"They say we are having a depression, Bill," he said. "Guess I'd better advertise a bit more and take advantage of it."

The editor thanked Providence for a heart strong enough to stand the shock. Hiding his closely-bitten nails, he leaned forward in his chair to avoid falling when he awakened.

"I mean it, Bill," continued this extraordinary merchant. "Here's a copy for an ad twice as large as usual. See that it gets preferred position will you?"

And as everything was then "preferred position," this ad appeared below the latest news from the China front, above the choicest comic strip and alongside the editor's own version of why the local Presbyterian minister had eloped with his red-headed soprano.

Nor was the peculiar thing about this that people read the ad and dropped down to buy the goods. Money came out of socks and the merchant placed it back into the local bank—here it belonged. This same merchant found it unnecessary to discharge an old clerk, because of his increased business, and as soon as the clerk realized his job was safe, darned if he didn't go out and buy a radio and a new lawn mower.

The merchant sold so much bacon and canned beans that he was forced to turn in a bigger order than ever when his favorite travelling salesman called in on Friday.

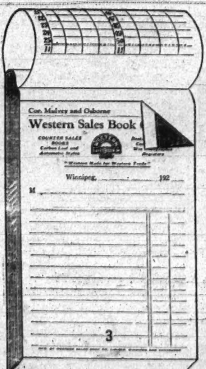

Of course, the travelling salesman kept his job, while the canner of beans and the packers of bacon got the idea things were clearing up a bit. The bean canners even hired a few extra men to be sure they were ready for boom times.

Next week this extraordinary merchant increased his space again—so much that the editor gave his old pants to the local street cleaner, and drew himself to a new blue serge suit that looked like a million dollars worth of good times.

Queer old world this is! If we had several thousands of these extraordinary merchants in ordinary towns—why darn it, there wouldn't be any depression anywhere.—A. (Editorial by R. S. Bond).

Billie: "When is a fish like an airman?"
Bobby: "When he rises and takes a fly."

First Business Partner—"Here's a nice letter for a man to receive. The second who wrote it calls me a blithering idiot." Second Partner—"What's his name?" "That's just what I would like to find out, but there's no signature." "Don't you recognize the writing? It must be somebody who knows you."

Good Friday—Evening service at 7.30 o'clock.
Services Easter Sunday, March 27th:

Holy communion, 9 a.m., children's service at 10 a.m. in the church. Evensong at 7 p.m.

THE KNOCKER

The following poem was written by Harney Manning, of Cowling, California, a prominent member of the Moose order. It contains a good deal of splendid characterization.

"This world has no place for the knocker."

The one who finds everything wrong.

His wallings will never be heeded

By those of the passing throng.

They know he's a grouchy old grumbler;

They're used to his sad, plaintive pleas.

To them he is always as welcome

As mumps or a bushel of fleas!

"It rains and he wants fairer weather.

Sun shines and he finds it too hot.

He doesn't like books that are thrilling;

He says they're too dull when they're not.

You may call him a pest or a pest-mist,

He stir up just as much strife;

He both of these names are misnomers—

He's the "fly in the ointment of life!"

200-MILE SADDLE TRIP

IN MOUNTAINS PLANNED

Tourists who like their touring along the trails and out of the way places not generally followed by their fellowmen have a treat in store for them this summer. They will have the opportunity to take one of the most unique and scenically beautiful trips to be found in North America. The journey is a two hundred mile saddle trip through the heart of the Rocky Mountains, between Jasper and Lake Louise, Alta., under the personal guidance of Jack Brewster, internationally known guide and outfitter of Jasper, Alta. The tour itself will take twenty days to cover the distance between the two points. It will leave Jasper, on July 3rd, and will arrive at Lake Louise on the 23rd. The return trip will get underway July 31st and arrive in Jasper August 1st.

A woman who has a nose for news usually has a chin for telling it.

WHEN GIRLS GET MARRIED

The Montreal Herald says the girl who today treads the aisle to the tune of the wedding march observes certain marriage rites so old that the original reasons for their existence are forgotten.

Her wedding veil, for instance, is a relic of the canopy that was formerly held over the bride to exclude her from profane gaze. The ancient Romans attached great importance to the custom of veiling the bride, the principal object being to protect her from the evil eye, a superstition current among many tribes and races. Among other early peoples the glance of a bride spelled misfortune for the one meeting it, unless it happened to be the bridegroom, so the bridal veil was required.

The custom of wearing a previously worn bridal veil is believed to have originated with Roman brides who supposed good luck to attend those veiled in a veil previously worn to the altar.

That the wedding ring was originally a mark of ownership, evidence that the wearer was the property of her husband, is a fact well known in this day of equal suffrage and the new freedom for women. Today the ring is but a symbol of marriage.

One might, adds the Montreal paper, "ad infinitum the instances where once significant customs survive today as meaningless ceremonies, or are observed for reasons having no relation to the cause of their origin in antiquity."

WESTVILLE YOUNG MAN IS YOUNGEST MANAGER

Appointment of Jerry Daley, child clerk of the Cornwall Inn, Kentville, as manager of the Lakeside Inn, the Canadian Pacific Railway's new tourist hotel at Yarmouth, was announced Saturday. For the last three summers Mr. Daley, a native of Westville, has been chief clerk at The Pines, Digby, and for the last two winters he has held the same position at the Cornwall Inn.

Before entering the Canadian Pacific Hotel service, Mr. Daley, who now ranks as the youngest C.P.R. hotel manager, was in turn on the staffs of the Amherst Hotel, Amherst, the Amherst Hotel, Amherst, the Norfolk, New Glasgow, and the Carleton Place. Mr. Daley spent the week-end visiting his family at Westville. He left this morning for Quebec, Montreal and Toronto, where he will visit C.P.R. hotels before the opening of Lakeside Inn, June 1.—New Glasgow Free Lance.

MAPLE SYRUP TIME IN EASTERN CANADA

Reports received at headquarters of the C.N.R. from its agents throughout Quebec, Ontario and the Maritime Provinces, say that the sap is running, and thousands of farmers are busy in their maple groves tapping trees. It is estimated that more than 8,000,000 maple trees in Eastern Canada are tapped each spring, and in the province of Quebec alone close to 50,000 farmers have "sugar groves."

Chevrolet Now Builds a Complete Line of 2-TON HEAVY DUTY TRUCKS

Above: Chevrolet 2-ton Heavy Duty 131-inch wheelbase Truck with Stake Body. A big, powerful truck for general purpose hauling. Farmers, orchardists and transport operators need this kind of truck.

NOW Chevrolet brings matchless economy of gasoline, oil and upkeep to the heavy duty truck field. Moreover, the complete line of new Chevrolet 2-ton Heavy Duty Trucks are built specifically for the strenuous kind of heavy hauling service.

For example, Chevrolet six-cylinder Heavy Duty Trucks have the Clark full-floating rear axle, especially developed for heavy duty work. Clark heavy duty four-speed transmission is another feature of these trucks. In addition, Chevrolet trucks have a special, six-cylinder truck engine—smoother, faster, more powerful and with longer life. The pressed steel channel frame is exceptionally deep and rugged. A special truck clutch is provided. Wheels are interchangeable throughout and there are several tire options.

Chevrolet Heavy Duty Trucks are built on two wheelbases—standard 131-inch, and 157-inch for hauling bulky loads. There is a wide variety of body types to suit every heavy hauling field.

Before you buy any Heavy Duty Truck, get the new Chevrolet specifications! You will find a model exactly suited to the work you have to do—a 2-ton Chevrolet Heavy Duty Truck at one of the world's lowest truck prices and with lowest ton-mile operating costs!

Chevrolet six-cylinder Trucks are offered in the world's lowest truck price range—from \$303 (for Commercial Chassis), at factory, delivery, cash—less dealer. Buy GMAC terms.

The Old and the New

The two models have been showing at the Chateau de Ramezay, Montreal, recently in an exhibition of a century of locomotives. Right, is the "Dorchester", operated in 1836 to 1850 on the Champlain and St. Lawrence Railroad between St. John's and La Prairie, Quebec, the first train to run in Canada. Left, is the 2300 type Canadian Pacific Railway locomotive, a model of the great machine that draws modern passenger trains across the Dominion.

Comparison of the two locomotives will bring home the immense development in the past 100 years. The four driving wheels of the "Dorchester" were 48 inches in height. The six driving wheels of the 2300 type locomotive are 75 inches in height. Engine and tender of both locomotives had respectively eight wheels and twenty wheels. A further indication of the vast spread in operation values between the old and the new is seen in the figures of the latest and most powerful Canadian Pacific engine, the "8600" type, capable of pulling a freight train of 150 cars, or over a mile in length.

greatly less than the 45,000 lbs. of the Canadian Pacific engine. Engine and tender of both locomotives had respectively eight wheels and twenty wheels. A further indication of the vast spread in operation values between the old and the new is seen in the figures of the latest and most powerful Canadian Pacific engine, the "8600" type, capable of pulling a freight train of 150 cars, or over a mile in length.

The Eighth Annual Crows' Nest Pass Musical Festival

PROGRAMME

On Monday next, March 28th, at 11 o'clock, the eighth annual Crows' Nest Pass Musical Festival will open its three-day programme at the Columbus Hall (formerly the opera house). Following is the complete programme of events, showing test pieces, entrants and their numbers, with the exception of sight reading competitions:

MONDAY MORNING

SCHOOL CHORUSES—Senior and High School

"Come Sweet Morning" (A.L.) No. 16, Enoch's Two-Part Songs.

"Come and Trip It" (No. 43, Enoch's Two-Part Songs) Carmichael

Local and General Items

Hotels Inspector Folts was in The Pass during the week.

It is estimated that railway posters in the United States receive about \$7,000,000 a year in tips.

For lighting cigarettes or starting fires, a German has invented a paste that, when squeezed from a tube and exposed to the air, ignites.

Some folks are dragging Canada into the Lindbergh kidnapping by saying the plot originated in Vancouver before the child was born.

Municipally-owned undertaking parlors are favored in a report presented to the Alberta legislature by Alex. Ross.

Fort William hockey seniors eliminated Winnipeg in a two-game series 1-0. They are now entering-up on the last lap against the Calgary Bronks.

The modern girl is nothing but an animated "doll," declares a novelist. He must admit, however, that she doesn't call "Mamma" when she is squeezed.—London Humorist.

"The appendix," says a lecturer, "is the only part of the human body which is of no use." But, doctors have found it a very profitable sideline.

The west end circle, United Church Ladies Aid, are holding a tea and sale of home cooking at the home of Mrs. J. R. Smith on Saturday afternoon, March 26, from 3 to 6. Everybody welcome.

Mrs. J. H. McMullen, wife of the chief commissioner of police for British Columbia, died in Victoria on March the 8th. Mr. and Mrs. McMullen were former residents of Fernie.

A reduction in sessional indemnity of ten per cent, which lowers the present sum of \$2,000 to \$1,800 and saves the province \$13,000 annually, was adopted by the Alberta legislature on Friday last.

At a meeting of the town council on Monday night, a grant of \$75 was made towards the Musical Festival. Previously, the grant was \$100, and it is a pity that a reduction should be made in this connection, for the festival is without a doubt the biggest asset Blairmore can lay claim to.

There are over 450 miles of motor highways, 100 miles of roads, 2,192 miles of trails and 1,100 miles of telephone lines in the twenty national parks of Canada, which cover an area of over 13,800 square miles in different parts of the Dominion. These parks, of which Jasper is the largest, are sanctuaries for wild life of great variety, and wonderlands of forest, streams, lakes, mountains, glaciers, hot springs, etc.

Stephen Forkin, alleged communist, was arrested at Saskatoon, charged that he purchased a sandwich board and displayed posters urging people to hear Annie Buller speak on the Estevan riot and "the murder of innocent miners by a ruthless government." He was released on \$14,000 bail, to appear for trial today, March 21th.

That Spokane is feeling the falling off of business from British Columbia is evidenced by the getting together of 200 business houses of that city and agreeing to absorb 10 per cent of the current rate of discount on American money in a unified effort to keep trade from this country dwindling to nothing. This arrangement starts on March 15. These business men, live to their interests, sensed that unless something were done to absorb some of the discount, Canadian tourist travel down that way this summer would be nil. The rate of exchange, which was at one time as high as 23 per cent, is now fluctuating between 12 and 15 per cent. Therefore with the 10 per cent allowance, the discount at the present time would be only from two to five per cent. Where the discount rate falls to or below 10 per cent, these firms will accept Canadian money at par. The absorption applies to purchases of \$1 or more.

Here and There

There are 17 mills in Canada in the Cotton textile industry from which the annual value of production, according to the latest available figures, is \$53,587,356.

An outstandingly popular sport at Banff is the bathing in the hot sulphur pool operated by the Banff Springs Hotel and the Canadian Government. Last year 88,000 people used the pools.

July 24 to August 5, 1933 is the new date set for the World's Grain Exhibition and Conference to be held at Regina, Saskatchewan. Railway executives from all over the continent will be among those attending the Exhibition.

Regimental colors, approved by His Majesty the King, and donated by the Hon. Robert Harris, late Chief Justice of Nova Scotia, to the Annapolis Regiment, First Battalion, Annapolis Royal, N.S., reached their destination recently, having been carried on S.S. Montrose.

A sixteen-thousand-mile telephone call was put through from Schreiber, Ont., to Sydney, Australia, recently after telephone companies and the Canadian Pacific Railway department of Communications had pooled their resources over a 5,000-mile front in Canada.

The startling discoveries of radium and silver at Great Bear Lake, as well as many other important topics, are to be discussed in the technical sessions of the annual meeting of the Canadian Institute of Mining and Metallurgy in Montreal on April 5, 6 and 7. A part of the proceedings is to be broadcast.

Seventy Atlantic crossings in the ships of one company is the record of C. H. Williams of Toronto who this month reached the three score and ten mark in the Canadian Pacific's Duke of Athol. He is not yet 45 and has been crossing regularly in Canadian Pacific liners since 1912.

The Governor General, Patron of the Canadian Institute of Mining and Metallurgy, will attend the annual meeting in Montreal on April 5. It has been arranged that his address to the assembled mining men will be broadcast to all quarters of the Dominion for the benefit of those who cannot attend the meeting.

Choice of 14 tastefully worded Easter greetings, either in English or in the language of the country of destination, are at the disposal of the public in Canadian Pacific telegraph offices, at a standard rate of one dollar, on and after March 24. The telegrams will be decorated with traditional Easter lilies and messages can be sent over a wide range of countries throughout Europe.

Canada's increasing importance in gold production is represented by a number of important papers on gold at the annual meeting of the Canadian Institute of Mining and Metallurgy in Montreal on April 5, 6 and 7. The developments in the Quebec gold belt are particularly prominent in these papers.

Ending with a clear-cut victory, the play, "The Canadian Pacific Railway," was presented at the Montclair, N.J., town house, League, last of the season. The success was due to the play's story and the play's acting. The play was a great success, and the actors were praised for their performance. (25)

In just twenty-four hours after robbing a bank and holding up 28 employees and others at Clinton, Ohio, the four robbers were sentenced to fifty years each in prison. Of the loot of \$106,000, all but \$5,500 was recovered near a farm house.

Report has it that Inspector K. Duncan, who for a time was sergeant in charge of the A.P. Police detachment here, and who later succeeded the late Inspector Fisher as Red Deer and subsequently was moved to Edmonton, is slated to take charge again at Red Deer, upon assumption of police duties under his R.C.M.P.

Events billed for the next few days include: Baseball Easter Dance at Hillcrest on Monday, dance at Frank Wednesday by the Youths' Section of the M.W.U. of C. auction sale at the Kemmis ranch on Wednesday, and Easter vacation dance at Lundbreck on April the 1st.

Two men attended a village church tea, for which the tickets were sixpence each. The profits were to go toward providing comforts for the aged poor of the village. Brown, after accounting for eight sandwiches, three plates of bread and butter, five jam tarts, and four small buns, was passing his cup for the fifth time, when he turned to his companion, who was also doing well, and said: "I think everyone should encourage a thing of this sort—it's for such a good cause."—Tit-Bits.

Local and General Items

On Saturday night, at Lethbridge, the Blairmore Bears defeated the Cal-Aides 6-2.

Vehicular traffic over the road between Fernie and Warman with grove load of upwards of 4000 pounds is restricted until further notice.

A two-game exhibition series between Edmonton Superiors and Trail Smoke-Eaters at Edmonton resulted in a total score of 7-7.

Sometimes husband and wife chat merrily as they prepare for bed, and sometimes they have played against one another at bridge.

Lobsters now being found on the Pacific coast near Portland are thought to be descendants of a consignment shipped from Halifax about twenty years ago.

Liquor permits were taken out by 400 ministers of the gospel during the past fiscal year, the annual report of revealed. No wonder editors are opposed to liquor!

One drive on the Chevin golf course, near Derby, England, cost Harry John Brooks \$1,500. The ball struck Brooks' caddy, causing him to lose the sight of one eye.

The C.N.R. steamship "Prince David" is believed a total loss. This ship cost in the neighborhood of a million and a half dollars and was launched but two years ago. She struck a reef near Bermuda.

The industrial department of the western region of the Canadian National Railways was abolished on March the 16th, the work of that department being taken over by A. A. Tisdale, general manager.

The Consolidated Mining and Smelting Co. have sent a party of prospectors into the Great Bear Lake country, travelling by airplane about 1000 miles after leaving the railway at Waterton, near Edmonton.

Dowell Hargreaves, 31, was sentenced to life imprisonment on the charge of kidnapping eleven-year-old James DeJute at Warren, Ohio. His partner was given a twenty-year sentence.

Nine women were given six months' suspended sentence and posted on a \$100 bond for good behavior under a charge of unlawful assembly. They were tried at Lethbridge. One of the women threw oil over a coal dump and set it ablaze.

Canadian Pacific Railway's engine No. 8090, largest locomotive of its kind in the world, left Calgary permanently on Friday morning. The engine has been transferred to the British Columbia district, and will haul passenger and freight trains out of Field and Revelstoke.

Arrangements for the tenth annual world cruise have been completed by the Canadian Pacific Steamship Company, according to an announcement by F. J. Hurkett, at the Calgary ticket office, Monday. The Empress of Britain will be the ship commissioned, the largest vessel ever to circle the world on a cruise of this description.

Referring to the report of the Duncan Commission, recently filed in Nova Scotia, Premier Harrington, in his appeal to the people stated: "The report of these capable and independent commissioners makes it clear that it is not a choice as between a wage reduction or not for the miners, or whether some miners shall be laid off by certain pits being closed. It is the vital single question of whether coal mining in Nova Scotia can be continued as a major industry at all."

What the Boy Saw.—Two farmers disputed about turning the course of a small stream which was used chiefly for irrigation purposes. Words led to blows, and blows to law proceedings. A boy who witnessed the encounter was called upon to give evidence. Solicitor: "Now, tell the magistrates what you saw of this fight." Boy: "The van flew at tother and they both got as foina a lickin' as Iver Ol seen."

Here and There

The railroads cannot continue to pay a million dollars a day in taxes; they cannot pay interest on their bonds; they cannot buy new equipment unless they earn the money. In putting the railroads in a sound, money-making position we are aiding the whole country, says the hornell (N.Y.) Tribune Times.

Montreal witnessed an unprecedented invasion from Quebec on the first week-end of February, when over 3000 men, women and children, drawn from all ranks and classes, arrived on the three dollar return Canadian Pacific excursion from the Ancient Capital. Four special trains were used.

Seated on a glittering ice throne between two huge natural icebergs, Miss Margaret Stevenson, of Edmonton, in her role as Carnival Queen and assisted by Miss Honor Lieutenant-Governor W. L. Walsh, opened the 18th Annual Banff Winter Sports Carnival at that Canadian Rockies resort, this month.

The appointment of W. R. Patterson to be General Manager of Canadian Pacific Railway, has been announced, effective February 1, over the signature of E. E. Lloyd, Comptroller, in succession to G. C. Gahan, who died recently. Mr. Patterson, who was born in Toronto in 1890, is one of the youngest railway executives on the continent.

Plans for a national championship for grouse and woodcock dogs are under way and New Brunswick is considered as the best possible locality for staging the event. Field enthusiasts in the United States recently held a meeting to discuss the championship and were greatly influenced by the advice of Ozark Ripley, well known sport writer, who strongly advocated the claims of New Brunswick.

An additional market for at least one million tons of Nova Scotia coal will be found in Quebec and eastern Ontario as a result of measures to be taken by the Dominion government following a recent three-hour conference, attended by the Dominion cabinet and Premier Harrington and others.

For Blairmore Merchants Only

A chat with Blairmore business men in which they are told how they can increase their volume of sales.

Making the Demand
Equal the Supply

This newspaper has joined with the town newspapers all over the country in a nation-wide campaign to convince national advertisers that they can best assist small town merchants by advertising in the local home town newspapers of the small town merchants.

The odds are they don't.

Still, you can't do as the merchant of old did and create a demand for your goods by peddling them from house to house. So you take advantage of the very best means available, and advertise in your local, home newspaper. Valuable as this is there's still another selling force—and that is the advertising of the manufacturers whose goods you want to sell to Blairmore's buyers—which should also appear in your local, home newspaper.

And you can go far in getting this aid by talking about Blairmore to the salesmen, through whom you buy your merchandise—by inculcating them with the thought that local demand can be created and directed chiefly through your local, home newspaper—by making them see how necessary it is to your business welfare to have the advertising of their companies in your local, home newspaper.

In his place came the merchant of today—the merchant who is a purchasing agent for his community.

As a purchasing agent the merchant buys as he believes the people in his community will buy from him. Sometimes his sales are many, at other times they are few. Always, however, his supply is equal to the demand. But the demand, unhappily, all too often falls very, very far below the supply. Which means poor business.

Take your own case. You have, let us say, enough of the goods you handle to supply a goodly number of the people in Blairmore who require these goods. Do they demand these goods in such great quantities as to make your supply inadequate?

You need the advertising aid of the manufacturers whose goods you stock—urge their salesmen to recommend your local home newspaper.

BELLEVEU HAPPENINGS

Michel basketball teams played two exciting games in Bellevue on Wednesday last. The local girls defeated the visitors 9-8 in a very fast and rough game, but the local boys were defeated 16-10 by the fast-stepping Michel Pirates.

A Charlesworth, of Calgary, is visiting relatives here.

Benny Watson is back in town, after a strenuous year of goal tending for Camrose.

Jack Hutton, of Kimberley, is visiting his relatives here, and is staying with his uncle, Mr. D. Hutton.

R. Shevels had the misfortune of having the ends of two fingers cut off while saving wood with a power-driven circular saw on Monday night.

Mr. and Mrs. G. Coupland entertained the United church choir on Tuesday evening.

Miss Houghton, of Coleman, has her stock of Easter hats on display at the Emmerson Hardware store.

The Bellevue Boy Scouts journeyed to Blairmore on Tuesday night to see the moving pictures put on by Mr. Vissac at the Greenhill hotel.

HILLCREST HAPPENINGS

A very enjoyable social event took place in the K. of P. hall on Wednesday evening, under the auspices of Turtle Mountain Lodge. Whist honors were won by: Mrs. J. Penn, ladies' first; Mrs. F. Wolstenholme, second; G. Rees, gent's first; T. O. Davies, second. After supper, dancing continued until midnight.

Mrs. R. Gardiner's niece, of Toronto, is visiting here.

At the First Aid meeting, held on Sunday, it was decided that the club should stage a dance on April 25th.

A surprise party was held by friends of Miss Blanche Greener at her home on Monday evening, the occasion being her 21st birthday. A very enjoyable time was had by all.

Mrs. W. Adlam entertained the members of the Eastern Star lodge at her home on Monday evening at whist.

Mrs. E. Fisher was hostess at a whist party at her home on Saturday evening. Prizes were won by: Mrs. D. Grant, first; Mrs. W. Rose, second; Mrs. J. Penn, third, and Mrs. E. Cressman, consolation.

CORBIN HAPPENINGS

The wedding of Miss Doris Ball to Mr. Wm. Fairbrother is to take place at Coleman on Saturday, March 26, at the home of relatives. The young couple are residents of Corbin and intend to make their home here after their marriage.

"Scotty" Workman, who entered the Fernie hospital about the first of January, returned to Corbin on March 16th. While being treated for an injured knee, Mr. Workman developed appendicitis and had to undergo an operation for same during his stay in the hospital.

Mr. and Mrs. Walter E. Almond announce the engagement of their second daughter, Ellen May (Babe), to R. Glidden Crocker, eldest son of Mr. and Mrs. R. G. Crocker, of Seattle, Washington.

All the town was agog with excitement on St. Patrick's Day. Men, women, boys and girls were seen hurrying home with mysterious parcels, for there was a grand masquerade ball held in the evening at the B. & R. hall, under auspices of the hockey club. The hall was appropriately decorated for the occasion with shamrocks, and favors were given to all guests in honor of the Irish Saint. The Arcadians from Blairmore furnished pleasing music throughout the evening. Many delightful costumes were noticed, and the judges were not envied their task of picking the winning parties. The grand march was held shortly before midnight, and after the winners were chosen, a sigh of relief was aud-

ible from the dancers, as they one and all unmasked. After supper, prizes were distributed in the following order: Miss Marie Almond, best representative lady; Miss Ann Wilson, best dressed lady. Miss Almond wore the costume of a Spanish lady, while Miss Wilson represented a shepherdess. Mrs. Rene Paslaud won the prize for best comic lady, dressed as a man, and a newly-married one at that. K. Klinton was chosen as best representative among the men. He was in a full-dress navy uniform. The best dressed man was Harry Clifford, as a French gentleman of the Louis period. The gent's comic went to A. Williams, dressed as a father would be when pacing the floor with the young hopeful in the wee sma' hours of the morning. Mrs. A. E. Bear was winner of the lucky number and a handsome floor lamp.

CRANBROOK ENGINEER IS LONG IN SERVICE

Last Monday, Hugh Brock, veteran engineer on the Cranbrook division, completed 34 years at the throttle. Practically all of this time was spent on the Crow's Nest line, and Brock has the distinction of pulling the first train into Cranbrook in the early summer of 1898. He has ridden so long on the right hand side of the cab that he seems to fit in and be a part of the locomotive. Mr. Brock has a nice home on Hanson avenue, and when not out on his run, there you will find him. Once in a great while you see him down town, but it is only once in a great while—Cranbrook Courier.

NEW GLASGOW PRO-DUCT FOR FAR NORTH

Mr. J. J. Francis received a large order from Lethbridge on Saturday for a shipment of the Overseas Asthma Remedy, which he compounds and sells all over Canada. The demand for this preparation is steadily growing and it is evident that it possesses real merit in asthma cases. A unique feature of the Lethbridge order is the fact that some of it goes by dog team to the far reaches of the Canadian north, away to the outer fringe of civilization within the Arctic circle—New Glasgow Free Lance.

Lonesome Bachelor: "Last night I dreamt that I was married, but the alarm clock woke me up."
Fed-up Benedict: "Well, last night I dreamt that I was single, but the twins woke me up."

A Quick-Tempered Rod—"During a crush at a railway booking office, some jostling threw one man forward in such a way as to land his elbow in the stomach of a burly Irish cattle dealer. "Oh, I beg your pardon," said the offender. Cattle dealer—"It's all right this time, but O'f'n nawt be responsible for this ash rod if it happens again. Oi cud nawt watch it."

What He Thought—"Man, Tam," said Geordie, the cattleman, on leaving church the other Sunday, "a body aye learns something he never kent before frae that preacher. "And what did ye think this forenoon?" asked Tam. "That chiel tauld us that Sodom and Gomorrah were two cities o' the plain, an', man, d'ye ken, I aye thoct they were man and wife."

Aberdonian to friend who had been saved from drowning: "Hoo did ye feel when ye gaed down the third time, Sandy?"

Sandy: "Man! it was awfu', everything o' importance that happened in my life came back to me."
Aberdonian: "Is that so? Did ye by any chance mind about that point I lent ye three years ago?"

Sandy: "I said everything o' importance."

PAYING OUR BILLS

Depression's best friend is the man or woman who can, with little or no effort, pay his or her bills promptly—but doesn't. During the war it was a serious offence to utter edictious remarks or to commit unpatriotic acts. Today, with the whole world fighting a great economic war, thousands who should be doing their bit by paying their bills promptly are actually aiding the enemy—depression—by letting the grocer, the landlord, the coal dealer, the newspaper, the general store, the doctor and others wait for the payment of goods that have been delivered or for services rendered. Payment of these bills in full or in part will help reopen jobs and stimulate business. Slow pay means slower business and more unemployment. If you cannot pay all, pay at least a part of every bill you owe.

Moose Chucks

A British Columbia man, whose son was an applicant for a position in the federal civil service, but who had been repeatedly "turned down," said: "It's sure hard luck, but Bill has missed that civil service again. It looks like they just won't have him, that's all."

Friend: "What was the trouble?"
Man: "Well, he was kinder short on spellin' and geography an' he missed a good deal in arithmetic."

Friend: "What's he going to do about it?"

Man: "I don't know. Times are not so good for us, an' I reckon he'll have to go back to teachin' school."

A gentleman who had sent his minister a present of a bottle of pickles in Scotch whisky received the following reply: "Dear Mr. Jones—Many thanks for the pickles, which I have not yet eaten; but I very much appreciate the spirit in which they were sent."

KUSSIA FINDS DIFFICULTY IN PROCURING SEED

Ottawa, Ont.—During the past month intensive news has been forthcoming from Russia in connection with the difficulties that the Soviet authorities are experiencing as a result of poor harvests in some areas last year, suggesting that Russia has exported more wheat than was justified by the crop harvested in 1931. This information was contained in a statement issued by H. H. Stevens, Minister of Trade and Commerce.

Apparently Russia is now experiencing difficulty in gathering supplies of wheat adequate to seed the 1932 crop, says the statement. The Dominion Bureau of Statistics has received a cable from a correspondent in London stating that official Russian statistics show that, in the case of collective farms, 51.5 per cent. of necessary seed grain had been collected up to March 1, whereas the plan called for completion of the entire collection program by March 10. In the case of individual farms, seed collections amounted to only 29.6 per cent. of the plan on the same date.

Another factor of great importance in the Russian agricultural program is the maintenance of tractors and power machinery. The extensive depreciation on motor equipment in Russia has been noted by visitors to that country.

In a cable received by the bureau early in March it was stated that at the end of 1931 there were 150,000 tractors in Russia, of which number 70 per cent. required repairs. Up to February 20, only 44.3 per cent. of the damaged tractors had been reconditioned.

A further cable received on March 15, stated that up to March 1, 50 per cent. of the tractors needing repairs had been placed in operating condition.

Landed 'Plane In Volcano'

Daring Aviators Reported To Have Accomplished Feat

Seattle.—A special dispatch to the Times from Anchorage, Alaska, said Frank Dorbandt and two companions, having landed their plane inside Aniakchak volcano. It was the first time in history, it was believed, a plane had been set down inside an active volcano.

Dorbandt was returning from a 1,600 mile fur buying trip over the Alaska peninsula and the Aleutian Islands. His companions were George Emery, of Seattle, and George Johnson, Anchorage photographer.

Frank Dorbandt, a 35-year-old explorer and professor at Santa Clara University, and Pilot Harry Blunt were nearly sucked into the volcano last summer when, in Blunt's plane, they passed low over the crater.

Dorbandt reported many of the peaks in the range of mountains on the Alaska peninsula in eruption.

"Flying at 12,000 feet we could see both the Pacific Ocean and Bering Sea, with literally hundreds of islands visible in every direction. The weather was perfect and it was an awe-inspiring sight to watch the eruption beneath us," he stated.

B.C. Expects Surplus

Favorable Balance By Reducing Expenditures and Increasing Taxation

Victoria, B.C.—By reducing expenditures and increasing taxation, J. W. Jones, Minister of Finance, informed the British Columbia Legislature in his budget speech, that he expects to produce a surplus of \$155,000 in the next fiscal year commencing April 1.

There will be one income tax instead of the present three-way impost. Salaries up to \$1,000 annually will pay one per cent; two per cent will be paid on the second thousand; three per cent on the third, etc., up to \$19,000 when the tax would approximate 10 per cent, where the increase would stop. For instance, a man earning \$2,000 would not pay two per cent on that amount, but one per cent on the first thousand and two per cent on the second thousand. There are exemptions of \$500 for married persons, and \$200 for each dependent, also on life insurance premiums up to \$300. Business firms pay the tax on net profits.

Nova Scotia To Have R.C.M.P. Halifax, N.S.—Royal Canadian Mounted Police will take up the task of enforcing law in Nova Scotia on April 1, John Doull, Attorney-General, announced at a session of the law amendments committee of the legislature.

Abolition Of Fair Grants

Livestock Men To Ask Government To Reconsider

Ottawa, Ont.—Decision of the department of agriculture to discontinue grants to the larger class "A" exhibitors and winter fairs was striking at the very roots of agriculture and livestock improvement in the Dominion, members of the Canadian National Livestock Records Board, representing 21 Canadian Breed Associations, decided here. Speakers stated it was a move in the wrong direction and bad economy and was bound to do harm. Finally a committee was named to wait on Robert Weir, Minister of Agriculture, and suggest further consideration of the grant cut.

It was stated the department should not have sprung the cut without warning. In many cases, plans for 1932 had so far advanced that the only place a saving could be made in keeping with the cut was in the prize money.

Speakers thought cutting the grant out altogether was too drastic a measure to take in a single year. The large exhibitors and agricultural shows had been considered the best vehicles for improvement in livestock but without the grants they were likely to be relegated to agriculture and stock to the background and the whole industry would suffer.

Garnet Wheat Grading Will Be Considered

Motion Introduced To Refer Resolution To Committee

Ottawa, Ont.—The grading of Garnet wheat will be considered for consideration by the Commons Committee on Agriculture.

In the House H. H. Stevens, Minister of Trade and Commerce, introduced a motion to refer a resolution asking for a separate grade of this type of wheat to the committee.

Last fall the grain standards committee at Winnipeg passed a resolution recommending that after July 31 Garnet wheat should not be graded in the first four grades of spring wheat and further recommended that the following grades be established: Namely, No. 1 C.W. Garnet, No. 2 C.W. Garnet and No. 3 C.W. Garnet. It was this resolution that will be referred to the committee.

At present Garnet wheat enters the same grades as Marquis and other varieties. Mr. Stevens told the House he was convinced that to place Garnet wheat in separate grades would necessitate a change in the Canada Grain Act. He was, therefore, turning the resolution over to the agricultural committee without comment either for or against such a change.

For United Ireland

De Valera Hopes To See Fusion Of North and South

Dublin, Ireland.—President Eamon de Valera declared that he hoped to see "the unnatural boundaries between North and South Ireland broken down."

The president expressed the hope in an interview in which he set forth his views on public policy. He asserted that the oath of allegiance to the king would be removed at the next session of the dail, that no more land annuities would be paid to Great Britain, and that the Public Safety Act would be suspended at the next session of the executive council.

He also expressed the hope that the offices of governor-general of Ireland and president of the Irish Free State in Dublin be merged.

North Ireland, the section of the country which is heavily Protestant, refused to go along with Southern Ireland when the Free State was formed.

Drop In Tourist Trade

Decrease Applies Only To 24-Hour Permit Cars

Ottawa, Ont.—A slight falling-off in the entry of foreign tourist automobiles into Canada was recorded for 1931 in comparison with the figures for the previous year, according to a statement issued by the department of national revenue. The grand total for last year was \$900,889. The drop involved only those tourist cars entering Canada under a 24-hour permit, however, for there was a large increase (172,723) in automobiles entered under the 60-day permit. There were 24,467 tourist cars in Saskatchewan during the year. This is a decrease of 2,113 from 1930.

Degree For Melton

Edinburgh, Scotland.—The university has decided to confer an honorary doctorate on Andrew Melton, who will be the new United States ambassador to Great Britain.

Taking Long 'Plane Trip

Prince Albert Man Goes North To Buy Furs

Prince Albert.—D. E. "Dell" Simons' plane has left on a history-making 2,000 mile air jaunt which will carry him to the barrens and back on a fur buying trip. Among points to be visited is Nislin Lake, about 800 miles north of here, by air in the barrens. At this lonely spot Simons will meet Eskimos and exchange merchandise, with them for the furs taken this winter. By April 1, he expects to complete a journey which would require five dog teams and more than two months to complete by the slower antiquated mode of travel.

Gandhi's Wife Arrested

Is Sentenced To Jail For A Period Of Six Months

Bombay, India.—Mrs. M. Gandhi, wife of the jailed leader of Indian independence, was re-arrested, and sentenced to jail for six months.

Mrs. Gandhi was placed in the C. class of hard labor, in contrast with the special treatment accorded her husband. She was released from prison two weeks ago and visited Gandhi in jail after which she went to avoid and continued the national congress activities.

NON-POLITICAL FARM INQUIRY IS SUGGESTED

Winnipeg, Man.—Thorough investigation of the agricultural situation in western Canada, with a view to evolving plans for economic rehabilitation by a non-political commission backed by the governments of the three prairie provinces was proposed in the Manitoba legislature.

The sponsor of the plan was I. B. Griffiths, government member for Russell.

Recommendations of the commission, he said, should be placed before the coming Imperial Economic Conference at Ottawa. Mr. Griffiths was speaking in the debate on a resolution to direct the agricultural committee to devise a debt adjustment scheme which would keep farmers on the land.

First requisite to success, he declared, was an entire absence of politics. He suggested Arthur Meighen, former prime minister of Canada, Charles Dunning, former minister of finance, together with a representative of a mortgage company, a person familiar with western agriculture, and an ordinary dirt farmer as members of the proposed commission.

Describing western conditions as serious, Mr. Griffiths urged the government to sound out the governments of Saskatchewan and Alberta on the scheme as soon as possible. If the commission's recommendations were practicable, he predicted business would improve. Confidence would be restored.

One of the important duties of the commission would be to find a way to prevent wholesale foreclosures. As the situation stood any improvement in farm prices would bring a rush of creditors and foreclosures and evictions on a large scale were threatened. If something were not done western agriculture would be irreparably injured. Individual ownership would disappear and tenant farming would be the rule.

Statesmen and Friends

This is the most recent photograph of the late Aristide Briand, famous French statesman, to reach this side of the Atlantic. The photograph was made upon the occasion of Briand's recent meeting with Premier MacDonald of England. The man who was eleven times Premier of France, recently resigned as Foreign Minister in the Cabinet of Premier Laval because of ill health. Since then he had been under the care of physicians at his estate at Cocheret, where he passed away at the age of sixty-nine.

PRESENTS BUDGET

Hon. E. A. Dunlop presented the Ontario Budget—in the Legislative Chamber on March 11th, when he proposed taxation on gasoline, liquor and wines, banks and corporate companies, in addition to strict economy in 19 of the 20 spending departments.

Fight Sham Battle

Japanese Troops Engage With An Imaginary Enemy

Shanghai, China.—Japan's victorious forces fought part of the "battle of Shanghai" all over again, but this time it was a sham action.

The troops that drove the Chinese out of Shanghai, routed an imaginary enemy for the benefit of Japanese military authorities and a few foreign observers. The rattle of machine guns accused Chinese in the vicinity, but they soon learned that it did not mean a resumption of hostilities.

Four thousand men of the Japanese 24th mixed brigade took part in their sham battle. The island from Shanghai which commemorated the bravery of three engineers during the real fight a few weeks ago.

These engineers leaped into the Chinese barbed wire entanglements with armfuls of explosives and were themselves blown to pieces while blasting a hole through the barricade. Meanwhile negotiations looking toward a permanent settlement were continued with the aid of neutral mediators.

As a result of these negotiations the Japanese have approved in principle proposals for a truce and for the withdrawal of their troops but they made certain modifications, which were taken under consideration by the Chinese.

Buying Russian Timber

English Importers Contract With Soviet Importers For Supply

London, England.—A contract has been entered into between English timber importers and Soviet Russian exporters for a supply of 2,100,000 cubic metres of timber during the present year. The purchasers have organized a special company entitled "Timber Distributors, Limited" comprising 160 firms, shares in which are being distributed among timber importers throughout England.

The government has introduced in the House of Commons a bill which would prohibit importation of goods made in foreign countries by forced labor, but its effect on this cannot be seen at the moment. Canada has a general embargo against Russian products.

Communist Schools

Claimed Three Schools and Two Summer Camps Also Conducted in Toronto, Ontario

Toronto.—Declaring he had been asked by the law enforcement forces of Toronto to bring the matter to the attention of the House, Russell Nesbitt, Con., Toronto, Brantford, Ontario, in the Ontario Legislature, that the Communist Party of Canada was conducting three schools and two summer camps in and about this city.

It appeared unwise to sentence Communist leaders to the penitentiary and "at the same time allow schools to exist whereby children are being educated to carry on the same purpose for which their leaders in the same movement are being sent to the penitentiary," he declared.

Questioned later whether steps would be taken to close the schools referred to by Mr. Nesbitt, Premier George S. Henry replied: "I don't think so."

Faith In Britain

Predicts Empire Will Soon Become Strongest Economic Unit in the World

New York, N.Y.—Prediction the British Empire would soon evolve into one of the strongest economic units in the world, was made here by Gerald Campbell, British consul-general, speaking before the Ulster Irish Society on Thursday night.

British subjects, he said, are no longer talking pessimistically as they did after the Imperial Conference in 1926.

"As things have gone," he said, "as other countries have become weaker in themselves and as tariffs have been raised higher and higher against us, we have come back into the Imperial boom and now we are all preparing to help one another at the conference which will assemble in Ottawa next summer."

Tax On U.S. Sunday Papers

Tariff Of Five Cents Per Copy Is Being Urged

Ottawa, Ont.—A tariff of five cents per copy on all United States Sunday papers entering Canada is being urged upon the government. Representations have been made to the administration, it is learned, that imposition of such a duty on American Sunday papers would increase the annual revenue of the country by \$500,000 per annum.

The matter is before the government no definite decision on the representations has been made.

CONSCRIPTION OF WEALTH BY THE STATE IS URGED

Ottawa, Ont.—Conscription of wealth by the state in this hour of trial, was advocated in the House of Commons by Thomas Reid, Liberal, New Westminster.

The Dominion, he said, must take extraordinary methods to lift the country from the mire of depression. Interest rates should be limited and controlled; unemployment insurance should be adopted and money loaned by the Dominion to the provinces and municipalities at rates as low as 3 per cent. to enable them to continue unemployment relief measures.

The House again was debating the government proposal to extend until May 1 the provisions of the Unemployment Relief Act of last session, the "blank cheque legislation."

The debate has been dragging on intermittently since the first of the month. Mr. Reid denied that Liberals were "blockading" government legislation. He believed the amount required for unemployment and farm relief could be calculated and a fixed amount placed in the supplementary estimates in place of the "blank cheque" measure.

Mr. Reid criticized expenditures by the British Columbia government under the unemployment relief scheme, and said the "bulk" of the three and one-half million dollars handed over by the Dominion to the province had been used in buying all kinds of supplies rather than giving work.

"It was just a case of the pork barrel," he said. "It was a case of come and get—come and get." And believe me, they did it.

"No party of this parliament is responsible for the present conditions," said A. A. Heaps (Labor, Winnipeg North).

By paying 5 1/2 per cent. interest on bonds issued in its recent loan, the government, Mr. Heaps claimed had depreciated indirectly the value of other bonds.

EXPORT OF GAS FROM ALBERTA IS DISCUSSED

Edmonton, Alberta.—Assurance that export of gas would be permitted if profitable markets were found, was asked by Herbert Greenfield, former premier of Alberta and representative of 13 independent oil companies, when he appeared before the agricultural committee of the Alberta legislature during the gas conservation hearing.

If such assurance were given, said Mr. Greenfield, it would be an incentive to further tests and explorations of the gas resources of the province.

Independent companies, along with others, required full information regarding the government plans before they could commit themselves, he declared. Key information had been withheld until all facts were known the attitude of the companies could not be stated definitely.

Premier Brownlee asked, if in the light of the government agreeing to exportation of surplus gas, what the attitude of Calgary would be. Replying, L. W. Brockington, K.C., Calgary city solicitor, pointed out that the southern Alberta gas system extended over 200 miles and that Calgary had never taken a narrow view of the situation.

That it would not be physically possible for Turner Valley oil field to be exhausted in two years or so, as had been foretold by previous witnesses, was the view expressed before the committee by Clarence Snider, a driller in the field. He said the field was not exhausted. It had not been foretold by previous witnesses, was the view expressed before the committee by Clarence Snider, a driller in the field. He said the field was not exhausted. It had not been foretold by previous witnesses, was the view expressed before the committee by Clarence Snider, a driller in the field.

Mr. Snider, representing a group of the independent companies, said that the reported pressures in the field were much exaggerated. He did not believe a figure of more than 5,000 had ever been reached, and even if the pressure fell to 750 the field would still be as good as many elsewhere.

Based on his own experience in a limited number of wells, Mr. Snider discounted the idea that there is or has been a decline of one pound a day. In one particular case, that of the Spooner No. 1 well, the gas flow is the same as four years ago, and as much as eight years ago is being produced.

S. J. Davies, re-called, told the committee that the drop in pressure had been clearly indicated in all parts of the field. He gave specific figures to prove the point. In the way of additional information Mr. Davies said that \$25,000,000 has been invested in the field up to the end of 1931; that the average cost of a producing well is \$175,000; that there is no necessity of drilling any more wells to supply the market; that Alberta's requirements of gasoline are 44,000,000 gallons, and somewhat over 41,000,000 gallons had been produced in the province last year.

Department Of Indian Affairs

Vacancy Created By Retirement Of Superintendent-General

Ottawa, Ont.—Retirement of Dr. Ducaan Scott, superintendent-general of Indian Affairs, creates a vacancy which will be filled shortly. Several names are being suggested for the post, and perhaps the most prominent is that of Superintendent W. M. Graham, Regina, in charge of the Indian Affairs of western Canada.

Ordinarily, Mr. Graham would have been certain of promotion, but his age stands against him, and it is believed he either has been or will soon be superannuated. Failing Mr. Graham, the appointment almost certainly will be given to one of the senior officials of the Indian Department here.

Lifts Embargo On Fruit

Paris, France.—The French government last night lifted a blanket embargo on fresh fruits from Canada, the United States and several other countries, imposing instead conditions under which fruit will be admitted. The embargo was imposed last week to prevent the entrance of the San Joas scale into France.

Death Of Lady Thornton's Mother Montreal, Que.—Mrs. Charles D. Wetmore, wife of Charles D. Wetmore, noted architect, and mother of Lady Thornton, wife of Sir Henry Thornton, died at her New York home recently, according to word received here. Mrs. Wetmore had a large circle of friends in Canada.

Canadian telephone systems at the close of 1930 included a wire mileage of 4,880,224 or 3.4 miles of wire per capita. There were 1,402,861 telephones.

Local and General Items

Stores open until 9 tonight, Thursday. Friday and Monday closed.

Harry Clements has been elected president of the Pincher Creek Board of Trade.

A friend of ours remarked a few days ago that the only live news in Nova Scotia papers was the obituary notices.

The national convention of the Native Sons of Canada will be held at Quebec City on August, the 15th to 18th, inclusive.

The engineer and fireman were killed when a train engine hit a 20-ton boulder near Spokane and overturned.

Some are inclined to the belief that that Rosie Helmer's aggregation accept too many favors. Well, we don't believe Rosie is that kind of a girl.

Wm. A. Wells, member of the provincial executive of the Knights of Columbus, was in town from Edmonton on Sunday, and that afternoon attended a meeting of Father Lacombe council at Pincher Creek.

The twenty-second annual convention of the Alberta Educational Association will be held in Calgary on March 29-30-31. The annual general meeting of the Alberta Teachers' Alliance will be held in Central United church, Calgary, on March 25th.

The Trail Smoke-Eaters passed west on Monday morning, after having had a pleasant visit to Alberta. Clarence Reddick, defence player, left for Trail on Sunday, after a several days' stay with friends here, during which he was being treated for neuritis.

Scot—"This London is a fine town. There's free parks with free music, free museums, free picture galleries, and in the grand restaurants where I get my dinner I'm always coming across a 'three-penny little hidden under the plate as a surprise.'—From "Wee Drappies," by Sir Harry Lauder.

At a meeting of between 50 and 60 Scouts and Cubs, including several from Bellevue, held in the Greenhill hotel on Tuesday, J. W. Gresham was presented with his warrant as commissioner of the Crows' Nest Pass district. The presentation was made by H. O. Westrup, of Hillcrest, member of the provincial council, after which Mr. Vissac entertained the gathering with some movie travel pictures.

The sensations of "Bad Girl," the stars of "Over The Hill," James Dunn and Sally Eilers, are teamed again in their third Fox production, "Dance Team," which opens next Thursday at Cole's theatre, Bellevue. Telling the human story of two youngsters, who dreamed of dancing their way to fame and fortune, who overcome discouragement and disappointment along the way, only to find when they reached the top that success and romance are vital enemies, "Dance Team" combines the laughs and tears of "Bad Girl" with the heart tugs of "Over The Hill." In addition to Dunn and Miss Eilers a large cast, includes Minna Gombell, Ralph Morgan, Edward Crandall, Harry Berezford, Nora Lane and many others. Sidney Lanfield directed from Edwin Burke's adaptation of the Sarah Adington novel.

J. P. AVERY
Expert Piano Tuner.

Of the Avery Piano Company, Calgary, will be in Blairmore during the next six or seven days, prepared for tuning and repairing. Satisfaction guaranteed. Leave orders with Miss M. Chardon or Mr. W. H. Moser.

Bulk Dates, fresh supply, 10c per pound at F. M. Thompson Co. Ltd.

Inspector J. O. Scott, of the A. P. Police, was a visitor to the local detachment yesterday.

MARCEL and Neck Trim, 55c; Facial and other Beauty Treatments. Phone 181, Mrs. Warner's residence.

Marion, daughter of Mr. and Mrs. James McLean, Lundbreck, recently sustained a broken collarbone through being thrown from a horse.

A Jew and a Scotchman decided to go into partnership and bought a bus. Next morning both showed up as conductors.

Sylvester Joseph Lamey, of Bellevue, and Alexander M. Morrison, of Coleman, are among the recent appointments as commissioners for oaths.

Mr. and Mrs. Owen Morgan and Mr. Gwilym Evans came down from Saunders last week end, to visit their mother, Mrs. W. O. Evans, who is very ill. Mr. Morgan returned to Saunders on Sunday.

Corporal Weaver who for a number of years has been in charge of the Mounted Police detachment here, has been transferred to the Lethbridge divisional headquarters, and left for there on Monday. He will move the family to Lethbridge later.

At Fernie, since March 15th, the government office has been issuing car licences, allowing the usual 25 per cent discount. This is not generally done until April 1st but the government sees the necessity of getting after business in this way and the Alberta gang might well pattern from it.

According to one explanation, tobacco takes its name from "tobacco," the name given by Spaniards and Caribs to the pipes in which they smoked tobacco in the West Indies. In turn, "tobacco" is said to take its name from Tobago, the name of the island where Robinson Crusoe is supposed to have been marooned.

The case of the Crown versus Frank Freiburger, charged with receiving a quantity of harness, knowing same to be stolen, was discontinued by the crown in the assizes at Macleod, the jury disagreeing. At the same assizes, W. Nasadyck and F. L. Johnson, charged with theft, were acquitted.
